

Cabled Diamonds Stitch - Tutorial

Here is a tutorial to help with the cabled diamonds stitch. Please read over it and come back to it as needed.

Illustration 1: First Rnd of Fptr2tog - Work the first half of the fptr2tog around the second from last stitch 2 rounds below. Count over 3 stitches and work the second half. Tip: the fptr2tog are always worked in the center single crochet between the bead stitches.

Illustration 1: First fptr2tog completed

Illustration 2: Always skip the stitch behind the fptr2tog

Illustration 3: Work first half of second fptr2tog around same post as last fptr2tog.

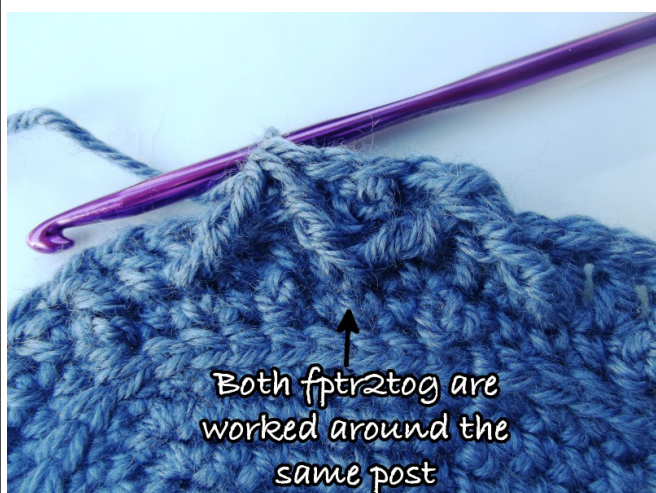

Illustration 4: Both fptr2tog are worked around the same single crochet post.

Illustration 5: Skip the stitch behind the fptr2tog and continue in pattern around.

Illustration 6: Last fptr2tog is connected to the very first fptr2tog by working the last half around the same post as first half.

Illustration 7: The last fptr2tog connected to the first one.

Illustration 8: Second rnd of fptr2tog is started with the bead stitch and a single crochet.

Illustration 9: Work the first fptr2tog underneath the first two fptr2tog made two rounds below.

Illustration 10: Make sure to always go underneath both posts.

Illustration 11: First fp2tog complete.

Illustration 12: For third rnd of fp2tog, work first fp2tog around last and first fp2tog from two rounds below.
